Mon 12th July: **School reports go home.**

1.30pm Awards Ceremony.

Thurs 15th July: **Y6 leavers service performed to Y5. A recording will be shared with parents.**

What have we been doing?

Sports Day: because of Covid, our Sports day was held in 4 bubbles across the school day. Children in **Little Acorns** enjoyed running races and balancing bean bags on their heads. **Acorn Pre-school** and **Juniper class** took part in three different events: running, balancing quoits on their head and bat and bean bag races. All of the children in every class enjoyed the many and varied events. The highlight for our older children was the welly throwing event.

Maple Class were unable to visit Dunham Massey yesterday, so instead they developed their map skills by carrying out an orienteering activity around the school grounds.

In Science, **Sycamore Class** have been learning about the digestive system; they made a model of the digestive system using an old pair of tights and passed some churned up food through them to find out what happens.

Members of **Oak Class** have been learning some life saving skills this week in their swimming lessons. Although a very important skill, let's hope they never have to use them.

At our **After school Forest Club**, children have been making simple teepees out of twigs and leaves. The children are really enjoying being outside in our wildlife area.

Hawthorn class took their maths learning outside yesterday. The children were drawing different areas and perimeters using metre sticks and chalk and they were investigating how many children they could fit into 1 square metre of newspaper.

An unusual visitor came to teach **Cedar class** yesterday - Miss Smith, a Victorian style teacher. The children found her to be very strict and were really glad when Miss Steadman returned. They enjoyed comparing the differences between then and now.

Year 6 children practice their life saving skills.

Sycamore class learning about the digestive system.

Little Acorns are proud of their sporting achievements.
